### **REASONS FOR ALLOWANCE**

1. Claims 1-14 and 16-28 are allowed. The following is an examiner's statement of reasons for allowance. The present application relates to a zoom lens system and in particular to a high zoom ratio zoom lens system capable of shifting an image. Regarding claim 1, the prior art fails to disclose that the conditional expression  $0.120 < DT/ft < 0.245$  is satisfied. Regarding claim 16, the prior art fails to disclose that the conditional expressions  $0.05 < Ds/fw < 0.7$  and  $0.1 < ft/fA < 1.5$  are satisfied. Regarding claim 28, the prior art fails to disclose that the conditional expression  $0.05 < Ds/fw < 0.7$  is satisfied. The claimed invention is therefore considered to be in condition for allowance as being novel and non-obvious over prior art.

2. The prior art taken either singly or in combination fails to anticipate or fairly suggest the limitations of the independent claims, in such a manner that a rejection under 35 USC 102 or 103 would be improper. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
